

ALPINE SANITIZER

POWERFUL - SAFE - ECONOMICAL

This hard working, **PHOSPHATE** free, cleaner for all types of floors and walls has a well established reputation as a powerful, economical cleaner with the deodorising and sanitizing properties of pine.

A fine quality scrubbing product that dissolves dirt quickly. It is recommended for wood floors, trim and painted walls in office buildings, apartment houses and other interiors where high cleaning power is desired.

COMPOSITION - safe detergents and pine oil.

ALPINE SANITIZER CONTAINS NO HARMFUL ALKALIS.

DIRECTIONS - Effective in hot or cold water. They mix instantly.

The penetrating and emulsifying action of **ALPINE SANITIZER** is so outstanding that a relatively inexpensive-to-use solution, one cup to about 8 litres of hot or cold water, does a superb job of cleaning.
