

PRODUCT DATA

BIO-ZYME

Heavy Duty - Concentrated Bacterial Cleaner and Odour Destroyer

Ideal for Cleaning
Garbage Chutes - Garbage Areas
Restaurant Facilities - Drive-thru Pavements

NO NPE - NO PHENOLS - NO SOLVENTS - BIO-DEGRADABLE

BIO ZYME is a revolutionary, high performance, floor cleaner fortified with special bacteria. This special product thereby not only cleans effectively but its inherent biological action, helps breakdown hard to remove organics, left in porous surfaces, grout lines, behind appliances, down pipes, etc. This also maintains an army of bacterial colonies that continue to work between cleanings which helps keep grease accumulations to a minimum. Since the food source is effectively removed, this also helps cut down on pests such as ants, cockroaches, etc.

BIO ZYME is recommended for use on any hard surface such as concrete, ceramic tile, quarry tile, grout, and brick. It may also be used on rubber and fatigue mats, in garbage bins and garbage areas, on and around exhausts, vents, and any area where grease and odor are a problem.

BIO ZYME is recommended for use in food service areas, schools, apartment buildings, hospitals, nursing homes, rest rooms, shower areas, etc.

BIO ZYME cleans and leaves surfaces sparkling clean with a pleasant citrus scent.

Used product is recommended to be poured down drain line as it will additionally act as an effective drain line cleaner.

CAUTION: DO NOT MIX WITH ACID, ALKALINE OR ANY PRODUCT CONTAINING BLEACH. DO NOT USE VERY HOT WATER TO DILUTE PRODUCT. DO NOT USE ON ANY FOOD CONTACT SURFACES.
