

# SWIPE

**SUPER CONCENTRATE**

**Non-Acid**

**Soap Scum and**

**Tile Cleaner**

**SWIPE** cleans away soap scum, body oils and mineral deposits fast!

**SWIPE** is excellent for use on fiberglass, ceramic tile, porcelain and masonry surfaces.

**SWIPE** is extremely effective on glass enclosures of showers and tubs when a non acid product is desired.

Use dilution 1 part product with up to 20 parts water depending on soil.

**DIRECTIONS:**

Apply diluted solution freely to the surface with clean sponge, mop or sprayer. Allow solution to stand at least 5 minutes or more depending on soil condition. After soil is loosened, wipe or pickup solution and rinse with clean water. For heavier soil conditions agitate with a scrub brush or floor machine to hasten and improve cleaning time and performance.

**Read Material Safety Data Sheet before using this product.  
FOR INDUSTRIAL USE ONLY**
