ACTIVE INGREDIENT

Sodium Hypochlorite.....	12.00%
INERT INGREDIENTS.....	88.00%
Total	100.00%

DANGER:KEEP OUT OF REACH OF CHILDREN. READ SIDE PANEL CAREFULLY.

DESCRIPTION

SANITIZER is a concentrated chlorinating solution designed for general chlorinating and deodorizing activity in kitchens, bakery, dairy, food processing and beverage plants and institutional and industrial laundries.

PRODUCT INFORMATION

This product degrades with age. Use a chlorine test kit and increase dosage as necessary, to obtain the required level of available chlorine.

DIRECTIONS

DISH WASHING: For use in deodorizing bakery, dairy, food processing utensils and equipment, and environs this product should be applied to the previously cleaned surface. A 50ppm chlorine solution may be applied as a rinse. Rinsing of food contact surfaces is required when solutions containing greater than 200ppm available chlorine are used.

LAUNDRY: Use approximately 200 to 400 ml of concentrate per 100 pounds of linen (Dry Weight), depending upon the severity of the soil. Use concentrations may vary with the type of machine, water volume, soil load and linen type. DO NOT USE on chlorine sensitive colors or fabrics.

Consult label for additional application and precautionary information before using

Read the Material Safety Data Sheet before handling this product.
FOR INDUSTRIAL and INSTITUTIONAL USE ONLY.
