

WHITE PEARL

ANTI MICROBIAL SKIN CLEANSER

Contains 0.3% Triclosan

WHITE PEARL is recommended for daily use as a hand wash or skin antiseptic. It offers an effective and cosmetically appealing alternative to most other products.

WHITE PEARL rinses easily off the skin and contains emollients, to prevent any defatting of the skin through prolonged usage.

WHITE PEARL is ideal for use in food establishments, office rest rooms, dentists and doctors offices and any place where sanitizing of hands is necessary.

Consult label for complete directions before using
