

COIL BRITE

NON ACID ALUMINIUM COIL CLEANER AND BRIGHTENER
FOR
AIR CONDITIONING AND COOLING COILS

COIL- BRITE restores peak cooling efficiency to all external cooling coils. It cleans and brightens in one operation. COIL- BRITE's powerful formulation quickly penetrates dirt, grime and heavy atmospheric fall out. These build-up's can seriously impair heat transfer capabilities and drastically reduce a condensing unit's overall efficiency

- **Foaming action removes hard core soil.**
- **Non - acid therefore safer than acid type cleaners. May be used through pressure sprayers, without damaging equipment.**
- **Reduces power costs, by maximising system efficiency.**
- **Prolongs condenser life. Saves costly replacement and downtime.**
- **Cleans and brightens in one operation.**
- **Economical mixes with up to 20 parts water.**
